

COMPANY PROFILE & CORE CAPABILITIES

Shenzhen Yuanxutong Technology (MPNBridge) is an independent distributor of electronic components serving B2B buyers worldwide. We supply **New & Original** components by exact MPN, from cut-tape quantities to full reels. More than **110,000 part numbers** are available through our Shenzhen sourcing hub, with fast quotes on exact MPN.

- Core Focus:** Exact-MPN supply and low-volume BOM consolidation, no MOQ
 - Quality Assurance:** factory-sealed reels and trays, or cut tape; strict IQC with label and date-code photos
- Specialties:** Shortage, hard-to-find and EOL sourcing; China-brand alternatives
 - Terms:** USD T/T in advance or platform escrow; lead time confirmed on each quote; 12-month warranty

CORE BRANDS & PRODUCT CATEGORIES

CATEGORY	CORE BRANDS	KEY APPLICATIONS & PRODUCTS
Semiconductors <i>Analog, Power, MCU, FPGA & Memory</i>	Analog & Power: TI, ADI, onsemi, Infineon, MPS, Richtek MCU & Connectivity: ST, NXP, Microchip, Renesas, Nordic, Realtek, Broadcom Programmable Logic: AMD / Xilinx, Intel / Altera, Lattice Memory: Winbond, Macronix, ISSI, Micron, Samsung, SK Hynix Discretes: Vishay, Diodes, Nexperia, ROHM, Toshiba	Power management and motor drive, signal chain and industrial interface, embedded control, FPGA processing, NOR / NAND flash and DRAM, MOSFETs and diodes.
Passives & Protection <i>MLCC, Resistors, Inductors & Timing</i>	Capacitors & Resistors: Yageo, Murata, Samsung, TDK, KEMET, AVX, Panasonic Circuit Protection: Bourns, Littelfuse Crystals & Oscillators: Abracon, Epson, YXC	MLCC and tantalum capacitors, thick-film and precision resistors, power inductors, TVS diodes and fuses, crystals and oscillators.
China Brands & Alternatives <i>Pin-to-Pin Replacements</i>	MCU & Interface: GigaDevice, WCH, Espressif Analog & Power: SGMicro, 3PEAK Discretes: Yangjie, VBsemi	Cost-down options and pin-to-pin replacements for allocated MCU, interface, analog and discrete parts.

VALUE-ADDED SERVICES

Low-Volume BOM Consolidation	EOL, Shortage & Alternatives	Inspection & Documents
One PO and one shipment for multi-line BOMs. No MOQ: cut tape for small quantities, full reels on request, consolidated export from Shenzhen.	Global stock search for allocated and obsolete lines, plus China-brand pin-to-pin alternatives with a parameter-by-parameter comparison against the original part.	Label, date-code and packaging inspection with photos before shipment. PI, CI, packing list and distributor CoC. Third-party testing at GETS or White Horse Laboratories on request.
